📅 On April 5, 1933, millions of Americans woke up to a new reality: owning gold was now a federal crime.
💰 In just 30 days, over 3,600 tons of gold were taken from citizens by their own government — all in the name of "saving the economy."

In this video, we uncover the shocking story of Executive Order 6102, how President Roosevelt orchestrated the largest forced gold confiscation in history, and why most Americans didn't even realize they were being deceived.

🔍 What really happened in 1933?
💵 How did the government profit from the people's gold?
⚖️ Was this legal… or just the perfect crime?

👉 Watch until the end to learn how this one act changed the U.S. financial system forever — and why it still matters today.

And the citizens were so trusting. They are still as gullible.
I will never give up guns or gold.

My math tells me that the dollar was suddenly devalued by about 70% when the price of gold went from $20.67 to $35.00.
